### Summer "Study Time"

by V Rev Myron Effing, C.J.D.

Nothing is more fun (and more educational) than summer camp for our kids. Lazy August! Beautiful Lake Hanka! What could be better than fellowship with your Catholic friends? Even the teachers are more bright and more ready for fun than during the school year! So it was the Jubilee Year Children's Catechetical Camp for all of our seven parishes in Primorsky Territory, the theme

was the Parables of Jesus. The camp is a special chance for kids who can't attend Sunday School because they live too far away from a parish or because there are other difficulties. As a bonus, the camp also gives a better Christian formation to all our adult staff members who participate. But there is always a problem--this year there was no priest available for the camp, except that I managed to say mass on one day. But our Sisters of Charity of St Ann organized daily prayer services, and the parents and catechists of our parishes operated the camp.

# The Youth Conference for Jubilee Year 2000

The Far Eastern Catholic Youth Conference which was held in Khabarovsk was very successful this year. The theme of the conference was "Christ our Teacher". Every day's theme was another aspect of the teachings of Jesus. My day's theme was "Christ the Teacher of Mercy". Other conference topics included marriage, chastity, religious vocations, alcoholism, the Bible, apologetics, and NFP.

Sister Alicia Gonzales speaking about her vocation.

The classes on marriage were lead by a volunteer couple from Spain. Fr Vladimir Sek from Blagoveschensk helped with Apologetics and Alcoholism. Kristina Pavlova, the coordinator of the Women's Support Centers in Vladivostok, spoke

### 2000<sup>th</sup> Anniversary Christmas Present for the Lord? Mission Office Project for Mary Mother of God Mission Society in Vladivostok, Russia

Would you like to send a Christmas present to the Lord for His 2000<sup>th</sup> Birthday? Consider donating for our new mission office in Russia from the list below! Or consider dedicating something from the list to your friends or departed loved ones for the Jubilee Christmas! We will provide the memorial plaque. Maybe your parish or parish organizations would like to help—please ask them.

Father McGuire's Mission Share of Kentucky and the Mary Stuart Rogers Foundation of California helped us to buy land, and an anonymous donor promised to fund the architectural work and the foundation of the new mission building. These events have prompted us to begin the new building, which, eventually, will allow us to remove the last floor from the church and return the church to its original interior beauty.

The new building will house Fr Effing, Fr Maurer, and Brother Oleg, and for our seminarians. It will include all the parish offices and classrooms, will be a center for production of religious materials. It will be used for conferences, workshops, training programs, and parish events.

Those who have visited Vladivostok know that our mission offices, as well as the living spaces of our missionaries are currently located on the first floor of our church building, i.e. on the main floor of the church. This is because when the Soviet government converted the church building into an archive in the 1950's, they added three floors inside the church. We have removed the top two floors to make room for mass with the altar and pews as you see it in photos today. We couldn't remove the last floor to return the church to its original condition because all the parish and mission offices for our seven parishes, as well as the living space for our missionaries, and their kitchen and bathrooms are still located on the main floor of the church.

Before the diocese and parish in Vladivostok were closed by the Soviets, there were other buildings, including the parish school, the bishop's house, the priests' house, the guard's house, and the catechists's house which where located near the church. Even today the government would give us these old 100-year-old wooden buildings if we bought new apartments for the current many residents. But it makes better economic sense to simply build a new building.

The following list is of cost estimates for building and furnishing each area of the new mission office. As you review the list, keep in mind that some items will be purchased used, some will be purchased from Korean or Chinese suppliers, and some costs may differ from those in the US.

Thank you for your gift for the needs of the Church in Russia. God bless you.

about abortion and birth control. Our own Sister Alicia spoke about women's vocations, which proved for the youth to be one of the most interesting talks of the conference.

Conference participants "on the air" on Christian Radio in Khabarovsk

We also dealt with consumerism, which maybe in Russia can be better called materialism. We spoke about building a life and family in the new Russia, where values are changing and where no one knows exactly what to study at the university because it isn't clear which direction society will take. We spoke about struggling with negative aspects of the current wild form of capitalism, especially American pornography and American blood-and-guts movies which are the daily fare on television, where you can learn 100 easy ways to kill and commit crimes and get away with it (and even be proud of it). We spoke about "steepness" (the Russian word for "rich and conscienceless") and about the mafia. Chilling topics, yes? But we also had a Bible course for those who were attending the conference for the first time, and daily athletic activities to give the brain a rest from all the work

There were about 35 youth at the Conference-smaller than last year, but they were much more serious and prayerful. Fr Vladimir, who had earlier attended Jubilee Year youth conferences in Rome and in Saratov in Eastern Russia, said that our conference is completely different than the others--other conferences try to entertain the youth in the hope that they will be attracted to the Church. We try to take the youth seriously and

really teach them and help them find their way in life. They respect that.

The Parish of the Holy Trinity of South Khabarovsk invited participants to a final dinner. Fr Edward Schoellman, the host pastor of the conference, at the far end of the table.

Transfiguration Parish in Blagoveschensk invited us to have the conference in their city next year. It is a good way to involve new youth, and expose them to the already well-formed Christian youth of our parishes.

Dear Readers,

- We are starting adoptions with the help of CARITAS in Vladivostok. They are being handled through Carol at Catholic Charities USA, Asheville NC (1-888-990-4199). Please request the Vladivostok Program. We will be able to work through your local diocesan Catholic Charities office.
- September and October donors! David Sonnen
  of our office in St Paul will send a video copy
  of Fr Dan's interview on EWTN to everyone
  who donates \$30 or more. It will be a good
  way for you to get more acquainted with Fr
  Dan and with our work in Russia.
- Fr Myron Effing will be in the US during the month of November. Call our mission office if you are able to sponsor a visit to your area for an evening.

- We are seeking endorsements from local KofC councils for our building drive in Vladivostok. If you wish to help in your area call our office for details. (651)690-5139
- God love you all, Sandra

#### **News Notes**

by Rev Myron Effing, C.J.D.

• I baptised two children in our new Nativity Parish in Ussurisk. Thanks to Our Sunday Visitor we have a grant to help with children's education in that parish in and three other young parishes. Thanks to the Office to Aid Eastern Europe of the American Catholic Bishops, we received high quality keyboard instruments for the parishes in Ussurisk and Lesozovodsk. The choir in Ussurisk is already promising a bright future.
